EASTLANDS COLLEGE OF TECHNOLOGY

A Project of Strathmore Educational Trust

Solar Installation Training

Why Pursue Solar Course?

To gain skills in installing, repairing and maintaining solar panel equipment. This will also help students position themselves in the growing green energy industry.

Why Study Solar at ECT?

- The College has an equipped and up to date solar workshop.
- The College has well trained and experienced solar lecturers.
- The course is certified and examined by the National Industrial Training Authority (NITA).

Course Duration

- The course takes **2 weeks** for students with an electrical background.
- The course will take **3 weeks** for students without an electrical background.
- The course is examined by NITA.

Other courses

- Diploma in Electrical and Electronics Engineering (KNEC)
- Diploma in Mechanical Engineering (KNEC)
- Automobile Body works Technology (NITA)
- Automotive Technology (NITA)
- Electronic Mechanics (NITA)
- Plumbing (NITA)
- Electrical Wireman (NITA)
- Welding and Fabrication (NITA)
